

Nature at its best

Adult clothing for a feeling of well-being

Underwear and clothing in natural fibres. Assortment for adults, valid from August 2022

In general

Article numbers

The first 2 digits of our article number describe the material.

The last 4 digits describe the type and the design of the product.

For example: Article number 70 1310

The first 2 digits stand for cotton, the last 4 digits describe the type of the product. In this case Ladies' briefs.

Qualities

- 40 merino virgin wool, fine rib
- 57 merino virgin wool, fleece
- 58 merino virgin wool, thick fleece
- 59 merino virgin wool, boiled wool
- 60 merino virgin wool/mulberry silk, half cardigan stitch
- 70 merino virgin wool/mulberry silk, fine rib, plain
- 72 merino virgin wool/mulberry silk, fine rib, ringed
- 80 cotton, woven, roughened
- 87 cotton, drop stitch

Materials

Raw materials for our textiles

For our clothes we use the following raw materials: organic cotton, organic Merino virgin wool and the especially proven blend of Merino virgin wool and silk.

Cotton – soft and hard-wearing

Silk – for a long, comfortable wearing experience

Merino virgin wool – to feel wool means to feel well

Sustainability

Our certificates

IVN BEST

The "NATURTEXTIL IVN zertifiziert BEST" – IVN BEST – quality symbol is awarded to textiles that are made completely from organically produced natural fibres. The certification takes into account all the environmental effects of the entire production process, from extraction of the fibres to the finished garment, along with the prescribed social welfare standards in the companies involved in the process.

In terms of environmental compatibility, social sustainability and credibility, IVN BEST meets the highest ecological standards that can currently be achieved in the textile industry.

GOTS

Textiles that are made from at least 70% to 100% organically produced natural fibres are eligible for the award of the Global Organic Textile Standard (GOTS). Certification of products is based on fulfilment of environmental requirements along the entire textile production chain plus compliance with social welfare criteria. The GOTS standards are slightly below the IVN BEST standards.

WIR FÜHREN PRODUKTE MIT DEM SIEBEL:

Grüner Knopf

The "Grüner Knopf" is a German government textile seal; in terms of product criteria, it builds on existing certifications, such as GOTS or IVN BEST. Unlike IVN BEST and GOTS, it does not take account of all production stages along the entire textile production chain.

In contrast to other certifications, however, the "Grüner Knopf" scheme lays down corporate due diligence obligations, i.e. certified companies must take social responsibility by being aware of the risks to human rights in their supplier companies, reporting on them and eliminating them.

You can find information regarding our qualities and article numbers in the left flap.

40 years
ENGEL

Dear friends of ENGEL!

In our anniversary year – Engel turns 40 in 2022 – , we proudly present to you our newest catalogue for adults.

Our design team put of course a lot of effort into bringing new ideas to life to celebrate this milestone.

Following up on frequent demand, we finally created new outfits for ladies and gents made from the soft and beautiful boiled wool fabric. Those outfits will be available in our three amazing colours jade mélange, magma mélange and lavagrey mélange. Just perfectly in time for autumn and winter, there will be skirts and coats for the ladies while our supercool and casual new shirt can fit both women and men.

Our newest wool silk colours olive and copper are teaming up with the colour natural as a beautiful ringed pattern on short and long sleeved shirts – for ladies and men.

On top of this, we would like to say a warm thank you for your loyalty and trust. Here's to many more years together.

And now, please enjoy discovering our new catalogue!

Your

J. Kolomyjas

Your

U. Simon

The fun of boiled wool

Soft, warm and sturdy, these are the features of our new products made of boiled wool. Thanks to the high-density structure, they are a natural shield against wind and rain.

Made in Germany! Our apparel is manufactured exclusively in Germany according to the highest ecological and social criteria.

Each piece an individual

The troyers are available in two different colours, dyed in the colour ocean and undyed in pebble. Due to the addition of different coloured fabrics during the recycling procedure, the colours distinguish in nuances and make each troyer one of a kind.

Lanolin-detergent

Detergent for care and fat balance of textiles made from wool or wool/silk, also suitable for sheepskin rug. 0,5-l-bottle, 6 bottles per box

Terms of Delivery and Payment

Terms of delivery

We deliver promptly from stock. Delivery will be made "ex works" (freight costs are on buyer's account).

In Germany and within the EU, we do **not require a minimum order value.**

For exports to third countries delivery will be made "ex works" with a **minimum order** of € 100.00.

Our quality guarantee

We use only exquisite natural yarn qualities. Our products are made to the guidelines of the International Association of Natural Textile Industry (IVN) and are periodically examined by recognized labs.

Our conditions

We supply retailers and distributors to the standard conditions of the German Textile Industry. For new customers the submission of the business registration is required.

Packaging

Free

Risk of Transportation

Goods are normally sent by DHL (German Postal Service). We ship exclusively by DHL GoGreen in order to compensate the damage caused by the goods transport emissions through carbon offset projects. All parcels with DHL GoGreen are insured up to a value of EUR 500.00 per parcel. In case of loss or damage of the package, the excess amounts as well as the risk are charged to the consignee's account. For rail freight and express shipments as well as shipments with freight forwarders, we accept no risk of loss.

Terms of Payment

Within 10 days from date of invoice less 4,00 % cash discount
Within 30 days from date of invoice less 2,25 % cash discount
Within 60 days from date of invoice net cash

We reserve the right to ship only against prepayment. In any case, the first order will be delivered only against prepayment. Bank charges are to be paid by the person liable to pay. Prepayment invoices are to be paid within 10 days of the invoice date with a 4% discount or within 30 days net.

After expiry of these 30 days the order will be cancelled.

Delay in Payment

In case of payments made after the deadline interest will incur on outstanding payments. All further deliveries will be stopped until full settlement of outstanding debts including interest on due payments and reminder charges.

We impose a reminder fee of 3.00 € per reminder.

Recommended retail price

We would appreciate a fair competition among retailers of our products. Therefore we recommend a minimum surcharge of 100 % plus taxes on our base prices in the price list.

Returns

Returns are only possible in the case of a complaint within 14 days after receiving the package. After elapse of this period, we will assume that you are in agreement and satisfied with our delivery. All other returns can only be made by prior arrangement, and it will incur a corresponding processing fee. **Freight collect returns will not be accepted.** In case of justified complaints, we will reimburse the postage of return. **Please choose the cheapest way for returns.**

According to the standard conditions of the German Textile Industry, we are entitled to repair. Repairs mostly are not cheaper than a replacement, but ecologically worthwhile.

Reservation of Proprietary Rights

1. The goods shall remain the property of the seller until full payment of all receivables for the delivery of goods arising from the business relationship, including ancillary claims, damages as well as payment of cheques and bills of exchange. The right of retention of title shall remain even if individual claims by the seller are included in a current invoice and the balance is drawn and recognised.

2. If a centralised authority is invoked in the business between the seller and purchaser, which assumes the risk guarantee, the seller shall transfer ownership on dispatch of the goods to the central authority subject to the condition of payment of the purchase price by the central authority. The purchaser will only be released from their payment obligation upon payment by the central authority.

3. If the value of the existing security provided for the seller exceeds the total amount of the seller's claims by more than 10 %, then the seller shall be obligated at the purchaser's request, to release securities at his discretion.

4. Pledging or transferring ownership of the goods by way of security or the assigned claims is inadmissible. The seller is to be informed immediately of seizures, stating the garnishment creditor.

5. If the seller, in the exercise of its retention of title requests the delivery item back, this shall not automatically be deemed a withdrawal from the contract. The seller is free to sell the returned goods subject to the retention of title by private sale.

6. The purchaser shall store the goods under retention of title for the seller free of charge. He shall insure them against standard risks, such as fire, theft and water within the usual scope. The purchaser hereby assigns his claims to the seller for damages that he would be entitled to from the above risks with respect to insurance companies or other obligated parties at the invoiced amount of the goods. The seller accepts the assignment.

7. All claims and rights arising from the retention of title of all special forms defined in these conditions shall remain until there is a complete release from contingent liabilities (check-bill of exchange) that the seller has incurred in the interest of the purchaser. The purchaser is in the case of sentence 1 as a matter of principle allowed to carry out factoring for his accounts receivables. However, he must inform the seller before incurring contingent liabilities.

Place of Jurisdiction

Place of jurisdiction is Reutlingen.

German law applies to the exclusion of UN law (CISG).
